## SCENARIO #2 Briefing Materials

The staff of Gnilda was the finest example of its creator's forging skill. When properly used, it rendered the City of Llylgamyn invulnerable.

The staff projected a force field totally impervious to any physical or magical attack. Those who wanted to threaten Llylgamyn could not approach the city, while those who came with good will could enter and leave freely. It was the perfect defense, but it had one fatal flaw... those born in Llylgamyn were unaffected by the staff. Thus it was possible for the evil Dvalpus, aided by the forces of darkness, to seize the throne of Llylgamyn and slay the royal family. Fortunately, the young Princess Margda and her brother Prince Alavik survived the royal coup.

Margda and Alavik both knew that there was but one hope of defeating Dvalpus. Together they retrieved the fabled armor of the great hero, "The Knight of Diamonds". Alavik, wearing the mystical garb, and carrying the staff, engaged Dvalpus in an epic battle in the castle of Llylgamyn. Dvalpus fell, but with his dying breath uttered a curse so unspeakable that it brought the castle down around the two combatants. All that was left was a smoking hole in the ground. Dvalpus, Alavik and the staff were gone. If it is not returned, the city will fall!
